Reviewer's report

Title: Prognostic implications of ezrin and phosphorylated ezrin expression in non-small cell lung cancer

Version: 2 Date: 6 February 2014

Reviewer: Elvira Stacher

Reviewer's report:

The authors improved the manuscript a lot, my questions were answered sufficiently.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:

I declare that I have no competing interests.
