Reviewer's report

**Title:** Study protocol of the RAND-study: a multicenter, prospective cohort study investigating response and adherence to nilotinib treatment in chronic myeloid leukemia

**Version:** 2  **Date:** 18 March 2014

**Reviewer:** lucien noens

**Reviewer's report:**

This version corrects the previous shortcomings and thus the paper becomes acceptable as such.

**Level of interest:** An article of importance in its field

**Quality of written English:** Acceptable

**Statistical review:** Yes, but I do not feel adequately qualified to assess the statistics.

**Declaration of competing interests:**

I declare that I have no competing interests.
