Reviewer's report

Title: A lactate shuttle system between tumour and stromal cells is associated with poor prognosis in prostate cancer

Version: 2 Date: 23 February 2014

Reviewer: Céline Pinheiro

Reviewer's report:

The authors adequately answered to the comments. However, a minor essential revision is still needed for publication.

Minor Essential Revision
The letter p, when referring to statistical significance, should be in italic.

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:
