Reviewer's report

Title: Adherence to hormone therapy among women with breast cancer

Version: 8 Date: 2 May 2014

Reviewer: Arier Lee

Reviewer's report:

Minor Essential Revisions

1. Page 8: ’...number of psychotherapy consultations (OR=1,055, 95%CI...’ Is 1,055 a typo? Looks like it should be 1.055.

1. Table 4: ’Both (TMX+AIS)’. The label for this variable is missing from the table. From the text this variable looks like it should be ’Type of hormone therapy’, which is missing from the table.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: Yes, and I have assessed the statistics in my report.
