Reviewer's report

Title: MicroRNA-26a regulates glucose metabolism in colorectal cancer cells by directly targeting PDHX

Version: 2 Date: 13 May 2014

Reviewer: manuela gariboldi

Reviewer's report:

the authors have answered to all the questions and made the requested changes
English still needs revision, especially for the new sentences added (in red in the new version)

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Needs some language corrections before being published

Statistical review: No, the manuscript does not need to be seen by a statistician.
