Reviewer’s report

Title: Chemotherapy for advanced pancreatic cancer: A systematic review and network meta-analysis

Version: 1 Date: 18 March 2014

Reviewer: Pierosandro Tagliaferri

Reviewer’s report:

The paper provides important information on treatment of metastatic pancreatic cancer by a sound methodology

Minor essential revision
a) Although methodology is well described, we suggest a deeper discussion of the inconsistency risk in MTC.
b) some recently published meta-analysis should be referenced and discussed for an overall scenarion depiction

Level of interest: An article of outstanding merit and interest in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
