Reviewer's report

Title: MicroRNA profile in very young women with Breast Cancer

Version: 2  Date: 5 May 2014

Reviewer: Patricia Casbas-Hernanez

Reviewer's report:

The authors of the manuscript ‘MicroRNA profile in very young women with Breast Cancer’ have addressed the major concerns presented in the initial review.

Discretionary Revisions:
- Discussion section seems long and hard to follow. The authors provide valuable details on other studies and how they relate to their manuscript, however, a brief summary of the findings should be sufficient.

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:
