Reviewer’s report

Title: Time trends in municipal distribution patterns of cancer mortality in Spain

Version: 1 Date: 5 June 2014

Reviewer: Roberto Zanetti

Reviewer’s report:

Please number your comments and divide them into

- Major Compulsory Revisions
  The author must respond to these before a decision on publication can be reached. For example, additional necessary experiments or controls, statistical mistakes, errors in interpretation.

- Minor Essential Revisions
  The author can be trusted to make these. For example, missing labels on figures, the wrong use of a term, spelling mistakes.

- Discretionary Revisions
  These are recommendations for improvement which the author can choose to ignore. For example clarifications, data that would be useful but not essential.

Please note that both the comments entered here and answers to the questions below constitute the report, bearing your name, that will be forwarded to the authors and published on the site if the article is accepted.

Level of interest: An article of importance in its field

Declaration of competing interests:

We ask all peer reviewers of medical papers to declare their competing interests in relation to the paper they are reviewing. The peer reviewer declaration is included in the report bearing your name that will be sent to the authors, and published on our website if the article is accepted.

In the context of peer review, a competing interest exists when your interpretation of data or presentation of information may be influenced by
your personal or financial relationship with other people or organizations. Reviewers should disclose any financial competing interests but also any non-financial competing interests that may cause them embarrassment were they to become public after the publication of the manuscript.

When completing your declaration, please consider the following questions:

- Have you in the past five years received reimbursements, fees, funding, or salary from an organisation that may in any way gain or lose financially from the publication of this paper, either now or in the future? NO
- Do you hold any stocks or shares in an organisation that may in any way gain or lose financially from the publication of this paper, either now or in the future? NO
- Do you hold or are you currently applying for any patents relating to the content of the manuscript? Have you received reimbursements, fees, funding, or salary from an organization that holds or has applied for patents relating to the content of the manuscript? NO
- Do you have any other financial competing interests? NO
- Do you have any non-financial competing interests in relation to this paper? NO
