Reviewer's report

Title: Macrophage migration inhibitory factor engages PI3K/Akt signalling and is a prognostic factor in metastatic melanoma

Version: 3  Date: 19 June 2014

Reviewer: Vildan Yasasever

Reviewer's report:

This manuscript is planned and studied very good. I think it must be published because of their results. These results are useful for clinicians and basic oncology students.

Thanks to researchers.

Level of interest: An exceptional article

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
