Reviewer's report

Title: A Collagen-Fibrin Patch (Tachosil(R)) for the Prevention of Symptomatic Lymphoceles after Pelvic Lymphadenectomy in Women with Gynecologic Malignancies: a Randomized Clinical Trial

Version: 4 Date: 31 May 2014

Reviewer: Andrea Tinelli

Reviewer's report:

Authors have: Minor Essential Revisions to do for paper acceptation.
The authors can be trusted to make the following:
1) implement discussion section, since it is of 76 words.....
2) add conclusions section
3) insert few surgical images on TachoSil application into the paper, to better clarify TachoSil use during surgery.

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:

All authors declared that they have no competing interests.
They declared that Takeda Pharmaceutical Company Limited provided the study medication, i.e., the collagen-fibrin patches (Tachosil®) for all participating patients.
