Reviewer's report

Title: Expressions of MUC1 and vascular endothelial growth factor mRNA in blood are biomarkers for predicting efficacy of gefitinib treatment in non-small cell lung cancer

Version: 1 Date: 23 November 2013

Reviewer: Donald Kufe

Reviewer's report:

Major Compulsory Revision
Review by a statistician experienced in biomarkers for NSCLC studies is needed to assess the validity of the analyses and conclusions.

Minor Essential Revisions
Typographical and grammatical corrections are needed throughout the manuscript.

Level of interest: An article of limited interest

Quality of written English: Needs some language corrections before being published

Statistical review: Yes, but I do not feel adequately qualified to assess the statistics.

Declaration of competing interests:
I declare that I have no competing interests.
