Adrienne Ronsani M.S. (aer17@hotmail.com)
Dr Helen Swede Ph.D. (helen.swede@po.state.ct.us)
Mary E Reid Ph.D. (mary.reid@roswellpark.org)
K. Michael Cummings Ph.D. (michael.cummings@roswellpark.org)
Karen L Falkner Ph.D. (karen.falkner@roswellpark.org)
Gregory M Loewen D.O. (gregory.loewen@roswellpark.org)
Gerold Bepler M.D., Ph.D. (beplerg@moffitt.usf.edu)

Version: 1 Date: 18 Nov 2002

Reviewer: Dr Victor Kiri

Level of interest: A paper whose findings are important to those with closely related research interests

Advice on publication: Accept without revision

Manuscript is well written and the statistical aspects are also up to standard. I wish to recommend publication.

PS: A minor "typo" for correction on page 5 under "Methods" (i.e. 868 individuals instead of 686).

Competing interests:

None declared.
