Reviewer's report

Title: Does knowledge of cancer diagnosis affect quality of life? A methodological challenge

Version: 1 Date: 30 September 2003

Reviewer: nazim turhal

Reviewer's report:

General
well written

Discretionary Revisions (which the author can choose to ignore)

Minor Compulsory Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)

Advice on publication: Accept without revision

Level of interest: A paper whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Declaration of competing interests:
none
