Reviewer's report

Title: DMBT1 expression is down-regulated in breast cancer

Version: 3 Date: 3 August 2004

Reviewer: Fernando Schmitt

Reviewer's report:

General

---------------------------------------------------------------------------------

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)

---------------------------------------------------------------------------------

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)

Figure 3 (a,b,c) should be present in higher magnification.

---------------------------------------------------------------------------------

Discretionary Revisions (which the author can choose to ignore)

What next?: Accept after discretionary revisions

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No

Declaration of competing interests:

None
