Title: Loss of Annexin I Expression in B-Cell Non-Hodgkin's Lymphomas and Cell Lines

Version: 1 Date: 25 November 2003

Reviewer: emanuel petricoin

Reviewer's report:

Very nice paper

I would like to see the authors validate their findings in a larger subset of human B cell lymphoma specimens.

For completeness, the authors should include a few of the most recent new publications on Annexin I expression changes in human tumors.
