Reviewer's report

Title: Results of Paclitaxel (day 1 and 8) and Carboplatin Given on Every 3 Weeks in Advanced (stage III-IV) Non-Small Cell Lung Cancer

Version: 4 Date: 14 December 2004

Reviewer: John Carpenter

Reviewer's report:

General
The revised manuscript looks fine, except for one grammatical correction: in the last line of the results section of the abstract, the sentence should read "Doses of CT were reduced" etc.

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)

Discretionary Revisions (which the author can choose to ignore)

What next?: Accept after minor essential revisions

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Needs some language corrections before being published

Statistical review: No
