Reviewer's report

Title: Recurrent Merkel Cell carcinoma on Chronic Lymphocytic Leukemia: differential diagnosis of regional lymphadenopathy and treatment

Version: 2 Date: 14 July 2005

Reviewer: Nathalie C Zeitouni

Reviewer's report:

General

-----------------------------------------------------------------------------------

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)

-----------------------------------------------------------------------------------

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)

-----------------------------------------------------------------------------------

Discretionary Revisions (which the author can choose to ignore)

1. Well written, interesting case report
2. Case report section could be somewhat shortened
3. Pictures should be more focused if possible

What next?: Accept after discretionary revisions

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No

Declaration of competing interests:
