Reviewer's report

Title: Overexpression of extracellular superoxide dismutase reduces acute radiation induced lung toxicity

Version: 3 Date: 23 May 2005

Reviewer: S L Marklund

Reviewer's report:

General

---------------------------------------------------------------------------------------------

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)

---------------------------------------------------------------------------------------------

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)

---------------------------------------------------------------------------------------------

Discretionary Revisions (which the author can choose to ignore)

---------------------------------------------------------------------------------------------

What next?: Accept without revision
