Reviewer’s report

Title: P-cadherin expression and survival rate in oral squamous cell carcinoma: an immunohistochemical study.

Version: 3 Date: 31 May 2005

Reviewer: Miguel Angel Gonzalez-Moles

Reviewer’s report:

General

----------------------------------------------------------------------------------------------------------------------------------

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)

----------------------------------------------------------------------------------------------------------------------------------

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)

----------------------------------------------------------------------------------------------------------------------------------

Discretionary Revisions (which the author can choose to ignore)

What next?: Accept without revision
