Reviewer's report

Title: Trauma-associated growth of dormant micrometastasis

Version: 2 Date: 14 February 2005

Reviewer: Michael Retsky

Reviewer's report:

General

-----------------------------------------------------------------------------------------------

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)

-----------------------------------------------------------------------------------------------

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)

1. There is an excess "and" in Authors' contribution section

2. "for" missing in first paragraph of Discussion. Folkman suggested that for tumors ...

3. First sentence of last paragraph is redundant - eliminate

-----------------------------------------------------------------------------------------------

Discretionary Revisions (which the author can choose to ignore)

Suggest the authors add "possible" or "suspected" in front of "dormancy" in title.

What next?: Accept after minor essential revisions

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No
