Reviewer's report

Title: Effects of alpha fetoprotein on escape of Bel 7402 cells from attack of lymphocytes

Version: 3 Date: 3 July 2005

Reviewer: Ryungsa Kim

Reviewer's report:

General

The authors responded to the several criticisms of reviewers comments.

-----------------------------------------------------------------------------------------------------

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)

-----------------------------------------------------------------------------------------------------

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)

-----------------------------------------------------------------------------------------------------

Discretionary Revisions (which the author can choose to ignore)

-----------------------------------------------------------------------------------------------------

What next?: Accept without revision

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No
