Reviewer's report

Title: SNP-SNP Interactions in Breast Cancer Susceptibility

Version: 4  Date: 20 March 2006

Reviewer: Thomas A Sellers

Reviewer's report:

General
This was a very responsive revision. No additional questions or comments.

-----------------------------------------------------------------------------------------------

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)

-----------------------------------------------------------------------------------------------

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)

-----------------------------------------------------------------------------------------------

Discretionary Revisions (which the author can choose to ignore)

What next?: Accept without revision

Level of interest: An article of outstanding merit and interest in its field

Quality of written English: Acceptable

Statistical review: No
