Reviewer's report

Title: Comparative Effects of Alpha- and Gamma-Tocopherol on Proliferation and Apoptosis in Human Colon Cancer Cell Lines

Version: 2 Date: 28 October 2005

Reviewer: Qing Jiang

Reviewer's report:

General
the study is in general interesting.

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)
--the authors answered the questions raised during the first round of review.

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)
the authors made corresponding changes in response to the comments.

Discretionary Revisions (which the author can choose to ignore)

What next?: Accept without revision

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No
