Reviewer's report

Title: HIV and pre-neoplastic and neoplastic lesions of the cervix in South Africa: a case-control study

Version: 2 Date: 12 April 2006

Reviewer: Denise Jamieson

Reviewer's report:

General
The authors have adequately addressed all of my comments.

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)

Discretionary Revisions (which the author can choose to ignore)

What next?: Accept without revision

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No

Declaration of competing interests:
I declare that I have no competing interests.
