Reviewer's report

Title: Rapid chemokinetic movement correlates with the invasive potential of lung cancer cells; a functional molecular approach.

Version: 2  Date: 26 April 2006

Reviewer: Rémi Houlgate

Reviewer's report:

General

The authors have provided a revised version addressing all my initial remarks. Many statistics have been added, and excessive sentences have been removed or modified. Still remains an excessive title.

What next?: Accept without revision

Level of interest: An article of limited interest

Quality of written English: Acceptable

Statistical review: No
