Reviewer's report

Title: Changes in liver mitochondrial plasticity induced by brain tumor

Version: 2 Date: 28 July 2006

Reviewer: Margherita Greco

Reviewer's report:

General
This revised paper which deals with the metabolic and functional changes in liver mitochondrial plasticity induced by a distant tumor, has been improved both in terms of quality and soundness.

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)

Discretionary Revisions (which the author can choose to ignore)

What next?: Accept without revision

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No
