Reviewer's report

Title: Relevance of cyclin D1b expression and CCND1 polymorphism in the pathogenesis of multiple myeloma and mantle cell lymphoma

Version: 2 Date: 25 September 2006

Reviewer: Toshio Hirano

Reviewer's report:

General

The revised manuscript was upgraded by rewriting and answering all quires and major comments asked by reviewers. Therefore, I feel it is fair for us to accept the revised version as it is.

-----------------------------------------------------------------------------------
Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)

-----------------------------------------------------------------------------------
Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)

-----------------------------------------------------------------------------------
Discretionary Revisions (which the author can choose to ignore)
