Reviewer’s report

Title: Transcription factor 7-like 2 (TCF7L2) variant is associated with familial breast cancer risk: a case-control study

Version: 4 Date: 9 November 2006

Reviewer: Jörg Epplen

Reviewer’s report:

General

OK

-------------------------------------------------------------------------------

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)

-------------------------------------------------------------------------------

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)

-------------------------------------------------------------------------------

Discretionary Revisions (which the author can choose to ignore)

-------------------------------------------------------------------------------

What next?: Accept without revision

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No
