Reviewer's report

Title: Many Quality Measurements, But Few Quality Measures Assessing the Quality of Breast Cancer Care in Women: a systematic review

Version: 2 Date: 31 August 2006

Reviewer: Sally Lee

Reviewer's report:

General

This project has involved some rigorous search for the studies to be included. The methodology is scientifically sound and summary of the review has been precise and detailed. I am happy with the changes made by the authors and have no further comments in terms of changes to be made.

What next?: Accept without revision

Level of interest: An article of outstanding merit and interest in its field

Quality of written English: Acceptable

Statistical review: No
