Reviewer’s report

Title: Hidden chromosomal abnormalities in Pleuropulmonary Blastomas identified by Multiplex FISH

Version: 3 Date: 26 August 2005

Reviewer: Lucia Roque

Reviewer’s report:

The article of Quilichini et. al. is now acceptable for publication in BMC. We just would suggest that at the Discussion section, pag10. parag. 2, line 7 instead of «Unfortunately…» to use «In these cases, TP53 status…..».

What next?: Accept without revision

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No
