Reviewer's report

Title: Selection, affinity maturation, and characterization of a human scFv antibody against CEA protein.

Version: 2 Date: 26 January 2006

Reviewer: Udo Schumacher

Reviewer's report:

General
The ms is fine as it stands now
-------------------------------------------------------------------------------------------------------------------

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)

-------------------------------------------------------------------------------------------------------------------

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)

-------------------------------------------------------------------------------------------------------------------

Discretionary Revisions (which the author can choose to ignore)

What next?: Accept without revision

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No
