Reviewer's report

Title: Relationship between Cyclooxygenase 8473T>C Polymorphism and Risk of Lung Cancer: a case-control study

Version: 2 Date: 22 December 2005

Reviewer: Wei Zhou

Reviewer's report:

General

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)

Discretionary Revisions (which the author can choose to ignore)

I still think that this manuscript would be improved is the authors can shorten it.

What next?: Accept after discretionary revisions

Level of interest: An article of limited interest

Quality of written English: Acceptable

Statistical review: Yes

Declaration of competing interests:

I declare that I have no competing interests.
