Reviewer's report

Title: Mammaglobin A and lipophilin B are co-expressed in breast cancer and gynecologic malignancies

Version: 3 Date: 1 March 2006

Reviewer: Paul Span

Reviewer's report:

General

I am satisfied with the author's reply

---------------------------------------------------------------------------------------------------

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)

---------------------------------------------------------------------------------------------------

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)

---------------------------------------------------------------------------------------------------

Discretionary Revisions (which the author can choose to ignore)

What next?: Accept without revision

Level of interest: An article of importance in its field

Quality of written English: Acceptable
