Reviewer's report

Title: Null Mutation for Macrophage Migration Inhibitory Factor (MIF) Is Associated with Less Aggressive Bladder Cancer in Mice

Version: 4 Date: 12 July 2007

Reviewer: Satoru Todo

Reviewer's report:

General
The authors answered well to all of my and the other reviewer's questions and comments in the revised paper.
It is now acceptable as it is for publication in BMC Cancer.

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)

Discretionary Revisions (which the author can choose to ignore)

What next?: Accept without revision

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
