Reviewer's report

Title: TGFB1 and TGFBR1 polymorphisms and breast cancer risk in the Nurses’ Health Study

Version: 2 Date: 19 July 2007

Reviewer: Victor Moreno

Reviewer's report:

General
The authors have successfully replied all required comments.

--------------------------------------------------------------------------------------------------------------------------

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)

--------------------------------------------------------------------------------------------------------------------------

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)

--------------------------------------------------------------------------------------------------------------------------

Discretionary Revisions (which the author can choose to ignore)

What next?: Accept without revision

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
