Reviewer's report

Title: Pyrrolo[1,2-B][1,2,5]Benzothiadiazepines (PBTDs) induces apoptosis in K562 cells

Version: 2 Date: 8 October 2007

Reviewer: Yoo Hong Min

Reviewer's report:

General
I made no comments.

-----------------------------------------------------------------------------------------------------------------------

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)

-----------------------------------------------------------------------------------------------------------------------

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)

-----------------------------------------------------------------------------------------------------------------------

Discretionary Revisions (which the author can choose to ignore)

-----------------------------------------------------------------------------------------------------------------------

What next?: Accept without revision

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
