Reviewer’s report

Title: Up-regulation of expression and lack of 5CpG island hypermethylation of p16 INK4a in HPV-positive cervical carcinomas.

Version: 2 Date: 24 February 2007

Reviewer: Nam Hoon Cho

Reviewer’s report:

General

-------------------------------------------------------------------------------
Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)

All were carefully revised. I agree with authors’ opinions.

-------------------------------------------------------------------------------
Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)

-------------------------------------------------------------------------------
Discretionary Revisions (which the author can choose to ignore)

What next?: Accept without revision

Level of interest: An article of limited interest

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:
