Reviewer's report

Title: Ovarian cancer risk and common variation in the sex hormone-binding globulin gene: a population-based case-control study

Version: 3 Date: 12 March 2007

Reviewer: Qiuyin Cai

Reviewer's report:

General
The authors have reanalyzed the data, rearranged presentation format, and addressed the concerns in the text. The manuscript is now ready for publication.

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)
None

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)
None

Discretionary Revisions (which the author can choose to ignore)
None

What next?: Accept without revision

Level of interest: An article of outstanding merit and interest in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:
I declare that I have no competing interests.
