Reviewer's report

Title: Impact of organised programs on colorectal cancer screening

Version: 1 Date: 1 February 2008

Reviewer: Robert J.C. Steele

Reviewer's report:

This is an interesting and important study that significantly adds weight to the evidence that organised screening programmes are essential to obtain adequate uptake.

What next?: Accept without revision

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: Yes, and I have assessed the statistics in my report.
