Reviewer's report

**Title:** Suspension culture combined with chemotherapeutic agents for sorting of breast cancer stem cells

**Version:** 1  **Date:** 28 April 2008

**Reviewer:** Maria Grazia Daidone

**Reviewer's report:**

This paper significantly improved after revision, even in consideration of details/comments provided by the Authors in the amended text.

A very last question: did the Authors check the genomic stability of their cultures after several in vitro passages?

**Level of interest:** An article whose findings are important to those with closely related research interests

**Quality of written English:** Acceptable

**Statistical review:** No, the manuscript does not need to be seen by a statistician.
