Reviewer's report

Title: Activation of MEK1 or MEK2 isoform is sufficient to fully transform intestinal epithelial cells and induce the formation of metastatic tumors

Version: 3 Date: 27 October 2008

Reviewer: Herbert Schramek

Reviewer's report:

The revised version provided sufficient answers to all the questions raised. I do not have additional comments.

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
