Reviewer's report

Title: The development of a mini-array for estimating the disease states of gastric adenocarcinoma by array CGH

Version: 4 Date: 6 July 2008

Reviewer: Pulivarthi Rao

Reviewer's report:

The authors need to provide validation studies by different techniques rather than comparing between the two arrays.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: Yes, but I do not feel adequately qualified to assess the statistics.

Declaration of competing interests:
