Reviewer's report

Title: An integrative multi-platform analysis for biomarker discovery of osteosarcoma

Version: 5 Date: 29 April 2009

Reviewer: Toni Whistler

Reviewer's report:

No further revision required.
The authors have done an admirable task on making the changes suggested in the reviews.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:

'I declare that I have no competing interests'
