Reviewer's report

Title: A Phase II Experience with Neoadjuvant Irinotecan (CPT-11), 5-Fluorouracil (5-FU) and Leucovorin (LV) for Colorectal Liver Metastases

Version: 2 Date: 16 January 2009

Reviewer: luca antonio aldrighetti

Reviewer's report:

I believe that all the answers of the authors to the points made during the first revision are acceptable to me, even if my concern about the power of the study still exists.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
