Reviewer’s report

Title: IGF-I activates caspases 3/7, 8 and 9 but does not induce cell death in colorectal cancer cells

Version: 6 Date: 4 May 2009

Reviewer: Leon A Bach

Reviewer’s report:

The scientific question raised in the previous review has been resolved. However, there are still many instances of poor expression and incorrect grammar. Although the manuscript is comprehensible in its current form, it would be enhanced by a thorough language review.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:

I declare that I have no competing interests
