Reviewer's report

Title: Production and Characterisation of monoclonal Antibodies against RAI3 and its Expression in human Breast Cancer

Version: 1 Date: 9 February 2009

Reviewer: Harriette Kahn

Reviewer's report:

I have reviewed the above article and conclude that it is acceptable for publication without revision:

The question posed by the authors is well defined.
The methods are appropriate and well described.
The data is sound.
The manuscript adheres to the relevant standards for reporting and data deposition.
The discussion and conclusions are well balanced and adequately supported by the data.
Limitations of the work are clearly stated.
The authors clearly acknowledge any work upon which they are building, both published and unpublished.
The title and abstract accurately convey what has been found.
The writing is acceptable.
