Reviewer's report

Title: NK-like homeodomain proteins activate NOTCH3-signaling in leukemic T-cells

Version: 2 Date: 31 August 2009

Reviewer: Dirk Geerts

Reviewer's report:

This reviewer has read the author's response to all reviewer reports, and examined the changes made to the manuscript. In my opinion, the manuscript now warrants publication in "BMC Cancer".

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: Yes, and I have assessed the statistics in my report.
