Reviewer’s report

Title: Predicting Prognosis in Hepatocellular Carcinoma after Curative Surgery with Common Clinicopathologic Parameters

Version: 3 Date: 1 September 2009

Reviewer: Tim Greten

Reviewer’s report:

The authors should revise the following points:
1. Surgery is regarded as the standard... The authors still have not changed the wording the revised version.
2. ok
3. ok
4. ok
5. ok
6. This needs to be added to the manuscript text
7. This should be discussed in the manuscript.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: Yes, but I do not feel adequately qualified to assess the statistics.
