Reviewer's report

Title: Risk of urinary bladder cancer: a case-control analysis of industry and occupation

Version: 2 Date: 27 October 2009

Reviewer: ALAN NIEDER

Reviewer's report:

The authors have appropriately revised their manuscript (specifically their discussion and conclusions) regarding risk factors for urothelial cancer as stratified by occupation and duration of occupation.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:

I declare that I have no competing interests
