Reviewer's report

Title: Hyperoxia increases the uptake of 5-fluorouracil in mammary tumors independently of changes in interstitial fluid pressure and tumor stroma

Version: 1 Date: 26 August 2009

Reviewer: nathalie mazure

Reviewer's report:

I - Major Compulsory revisions
These results are definitively preliminary and very simplistic results.

II - Minor essential revisions
Figure numbers are mixed up. Results are written with no description or explanation. Too simple.

Level of interest: An article of limited interest

Quality of written English: Needs some language corrections before being published

Statistical review: No, the manuscript does not need to be seen by a statistician.
